Note: The table below includes all actual 13 and 26 week outcome claims (full and pathway) for the period between 1 April 2015 and 31 March 2016 by the new risk-adjusted funding bands. The data represents the new bands to which actual outcome claims would have been allocated based on participants' characteristics as well as local employment market conditions. '5' is the highest funding band and '1' being the lowest funding band. Please note level 5 funding bands will be paid at the respective DMS/ESS level 4 rate for full and pathway education outcomes.
